

## What to Bring to your Amazing Lesson

Aquastar wants to make sure all instructors teach amazing lessons to all our clients, please bring some of the equipment to help your clients learn faster in their lessons and as well for safety precautions. Equipment does help many new beginners to get comfortable in the water since they have no experience in adapting the behaviour when they are surrounded by a pool of liquid. If you do not have any teaching equipment, you can buy it from our company. Contact our company for more information as needed. Here are some of the pieces of equipment, lesson info, and contact info AQUASTAR wants all our swim instructors to bring along to your amazing AQUASTAR swim lessons.
