

AQUA S.T.A.R. | 4 Unique Benefits

AQUASTAR is dedicated to helping you get the most out of life—and this includes giving you the opportunity to create your own engaging, sustainable, and ultimately financially successful AQUASTAR business. Our compensation plan reflects this dedication, as it gives every Independent AQUASTAR swimming instructor the best opportunity for private lesson success—a plan that establishes a departure from the traditional hourly wages that require a sum of your time.

Professional swimming instructors may take advantage of AQUASTAR's four distinct perks, each of which is specifically intended to help them achieve better results no matter where they are. Private swimming lessons with us are reliable and have shorter wait times than elsewhere. Accordingly, not only will these advantages assist instructors to develop, but they will also bring instructors and their private swimming students closer to success. Here are some of the benefits of AQUASTAR's unique **4 areas of benefits**:

- Encourage our valued instructors to receive the best from AQUASTAR
- Support our family of instructors to achieve success.

30-MINUTE TRIAL COVERAGE

In addition to our commitment to providing the best possible individual swim lessons, we at AQUASTAR recognize the importance of respecting the time and energy of our instructors.

We recognize the importance of our client's time and work in trying out our trial before deciding on an instructor.

That's why we check the backgrounds of all our teachers to make sure they won't just throw their time away. As a token of our appreciation, AQUASTAR will **reimburse** our qualified teachers for the *standard hourly rate of an aquatic lifeguard/instructor*.

The instructor will be paid **\$10** when the **one 30-minute trial** has been **completed**.

DISTANCE COVERAGE

Our private swimming Instructor will be **compensated \$0.70** if any client makes a booking on our website that is **over 5km distance** from the instructor's location. The plan may change.

Any client making the booking must confirm that they are willing to pay an additional surcharge before any booking is completed on the website.

The distance charge will be fully reimbursed to the instructor who is providing the private swimming lesson service to their client.

**Instructor Title will be based on how much they will receive for the Distance Coverage"*

Super, Brilliant will be reimbursed 95% of the total Distance Coverage

Shining, Rising will be reimbursed 75% of the total Distance Coverage

Little will be reimbursed 65% of the total Distance Coverage

subject to change to the compensation amount and/or the distance

The time of year has come again when teachers everywhere will be scrambling to renew their teaching credentials. In preparation, we've put together a list of resources to help you keep your teaching chops fresh.

AQUASTAR is pleased to announce that we will pay for the recertification of all of our instructors (**up to a value of \$200**).

LOSS OF RIGHTS TO COMMISSIONS

To qualify for commissions or bonuses, an Instructor must be actively teaching private swimming lessons in the cycle, providing a trial lesson to interested clients and complying with the Instructor Agreement.

In accordance with regulations, commissions are the result of activity and effective private swim lessons.

BONUS AND COMMISSION CYCLES

AQUASTAR pays commissions bi-weekly. A (WSI) Instructor must review their commissions and report any errors or discrepancies to AQUASTAR within 15 days from the payment date. Errors or discrepancies that are not brought to AQUASTAR's attention within the 15-day period will be deemed waived by the Instructor.

The bonus will be calculated at the end of the month. It will reset at the beginning of every 1st of the month.

ADJUSTMENT OF BONUSES AND COMMISSIONS

Instructors earn commissions and bonuses based on the Swim Plan that the AQUASTAR website provides and sell it to end clients. Accordingly, AQUASTAR will adjust commissions and bonuses earned from any sale when the Instructor sells a different plan to the client. Different plans will receive different bonuses based on the product sold.
